

# Dean's Chorister Award (Bronze Level)

## Exemplar Tests for Section B

### Test 1

Clap back to me a 2-bar rhythm. I will play it twice. Here is the pulse.

### Test 2

Sing as an echo, and in strict time, three 2-bar phrases, each heard only once. Here is the key chord, the tonic and the pulse.

### Test 3

Now, I would like you to identify the following intervals (each heard not more than twice). Both notes will be simultaneously. I would like you to sing the lower note, then the higher note, and then name the interval.
